

PREVENT POLICY

POLICY STATEMENT

The aim of this policy is to ensure all stakeholders are aware of our statutory duty and responsibility of the Prevent Duty. We prioritise the promotion of a culture of vigilance, where each apprentice's safety and wellbeing is at the heart of what we do. This policy is in place to build awareness and outline our commitments to Prevent Duty.

We are committed to delivering apprentice safety, ensuring that they can learn in a safe environment where their wellbeing is prioritised. We recognise that extremism and exposure to extremist materials and influences can have profoundly concerning consequences. If we fail to challenge extremist views, we are failing to protect our apprentices and staff from potential harm. Therefore, this policy sets out the guiding principles we follow to establish the culture of vigilance for the Prevent Duty to deliver the best possible outcomes for apprentices.

The work of Prevent is inherently linked to Safeguarding, as such this policy complements, and should be read in conjunction with, our Safeguarding Policy.

RESPONSIBILITY

It is the responsibility of all staff to comply with this policy, which includes:

- All full time and part time members of staff;
- Volunteers;
- Temporary staff e.g agency staff;
- Visitors and contractors.

We also include in our definition of extremism calls for the death of members of our armed forces, whether in this country or overseas” (HM Government Prevent Strategy 2011).

Staff are required to undertake approved Prevent training, for example:

The DCP will undertake advanced safeguarding and Prevent training additional to the online refresher training. The DCP will be on the mailing list and attend any DfE Prevent coordinator events throughout the year in order to continually maintain CPD. The commitment will be to continually improve awareness of local and national risks it is the DCP responsibility to ensure this is driven through the curriculum to the all employees

SIGNS AND INDICATORS

There are many signs and indicators of radicalisation and extremism, most commonly individuals that are at higher risk of being targeted are those categorised as vulnerable. Vulnerable individual being classified within our safeguarding policy as a child or vulnerable adult. It is however important to note that anyone can be drawn into terrorism and therefore our culture of vigilance must be robust.

It is important to note that behaviours can develop over time and therefore building strong relationships with apprentices and employers will enable earlier intervention. Below are some signs and indicators of an individual being drawn into extremism.

- Using inappropriate language;
- Refusing to listen to different points of view;
- Unwilling to engage with individuals that have different views, faiths or ethnic backgrounds;
- Changing friends and appearance;
- Distancing themselves from old friends and colleagues;

A number of strategies are in place to ensure this happens.

- Apprentice behavioural policy is incorporated into the enrolment stage of the apprenticeship and is within the apprentice handbook;
- Apprentices are encouraged to report and communicate through apprentice forums and surveys;
- Our induction process includes introductory training on Prevent Duty and reporting procedures;

REPORTING

Reporting

A key outcome of this policy is to ensure all stakeholders are aware of how to report a prevent related incident or concern. The reporting procedure for prevent is aligned to our safeguarding disclosure.

When a disclosure is made or a member of staff knows or believes that the apprentice is being drawn into extremism or radicalisation they have an obligation to report it as a matter of urgency, a written disclosure report should be submitted to the DCP. Staff members must report directly to the DCP

Investigation

An investigation will be carried out by the DCP and a risk assessment and findings report created to outline required actions is to be completed. Working with the employer and local channel contact interventions will be put in place for the apprentice.

We acknowledge the channel programme as it establishes early intervention to individuals possibly being drawn into terrorism. Any apprentice who is deemed to be a risk of being drawn into terrorism will be referred to the local authority channel referral programme by the DCP.

Recording

The Prevent referral form, investigation report and any additional records must be kept in the safeguarding secure folder only to be accessible by the DCP and Training Director.

The DCP has the responsibility to update the safeguarding log. The safeguarding log is held in a secure, password protected folder to ensure no breach of confidential data. The safeguarding log will record the incident, concern and risk level and any action taken. The log will verify timeframes of disclosure to closure and verify the outcome.

The safeguarding log will be reviewed within an Ofsted inspection.

E-SAFETY

Apprentice's and staff will use IT within the apprenticeship programme, it is therefore our approach that we have effective monitoring software to prevent any internet / software misuse.

The IT team will monitor and report any misuse to the Training Director or DCP

MONITORING

The DCP is responsible for reporting to the Training Director on Prevent related incidents, the report will include:

- Referrals / open and closed cases;
- Staff training updates;
- Legislative updates;
- Risk assessment updates including recommendation and new implementations.

The Training Director has the responsibility to ensure they work closely with the DCP on identifying and addressing trends within delivery.

The effectiveness of this policy is evaluated through apprentice and employer feedback, Ofsted inspection and self-assessment reporting process.
